Before submitting this application, you must visit the range on a match day for rules review and safety instruction by a match director or club officer. This can be any match on the calendar except the STMTC High Power Matches. Safety is the first responsibility of all members and, as development gets closer to the range, it is critical for members to know and follow the range rules if we are to continue using this land. The match director must sign the application before you mail it. Applications received without a match director's or officer's signature will be returned unprocessed.
